

All MSc programs at Bahir Dar Institute of Technology, Bahir Dar University

Energy Center	Sustainable Energy Engineering
Electrical and Computer Engineering	Computer Engineering
	Communication Systems Engineering
	Power Systems engineering
	Control Systems engineering
	Microelectronics Engineering
	Biomedical Engineering
	Energy Informatics
Mechanical and Industrial Engineering	Production Engineering and Management
	Product Design and Development
	Industrial Management
	Manufacturing Engineering
	Thermal Engineering
	Mechanical Design
	Electromechanical Engineering
	Automotive Engineering
	Agricultural Mechanization
	Chemical and Food Engineering
Postharvest Technology	
Food Technology	
Process Engineering	
Polymer Science Engineering	
Environmental Engineering	
Sugar Technology	

All MSc programs at Bahir Dar Institute of Technology, Bahir Dar University

	Industrial Biotechnology
	Applied Human Nutrition
Computing	Computer Science
	Information Technology
	Software Engineering
	Artificial Intelligence and Data Science
Civil and Water Resources Engineering	Construction Technology and Management
	Geotechnical Engineering
	Hydraulic Engineering
	Engineering Hydrology
	Irrigation Engineering and Management
	Road and Transport Engineering
	Structural Engineering
	Water supply and Sanitary Engineering
